

# Little Star Foundation “Your Example”

Issue 19 July 2020

2020 marks 35th Year Helping Children, Families & Communities

**What you should know. How You can help. Little Star is working hard to improve the lives of children with cancer and children, families and communities in need. Join our efforts in helping Alissa, Reece and other families like them.**

**Meet Alissa and her 5 year old son, Reece. Reece is battling cancer and is pictured right and below.**

Little Star will have a 2 part series July and August on Reece. With your help we can make a better today and tomorrow for Reece.

## “Art Therapy” by Adriana Solarova

Adriana is already working on Little Star's 2021 Keepsake Wall Calendar. Send in Kindness Art, Inspired Quotes or an Educational Message. Little Star provides the inspired Calendars, Art Therapy Programs, Supplies & E-Learning for free to children, schools, hospitals & orphanages. Link: <http://agendabook.littlestar.org/bookcase/cdox>

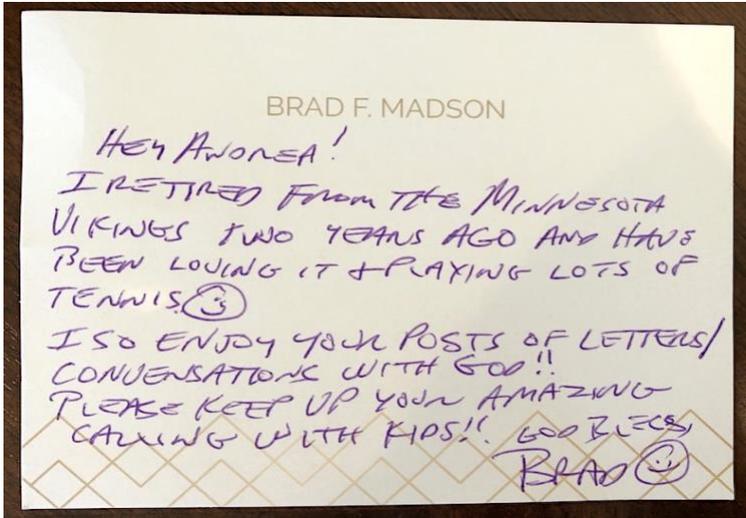

**Donate Today!**

Your donation matters!  
Donate today to improve the lives of children.

My name is Alissa. I became a single mom 3 months after my son was diagnosed with stage 4 Neuroblastoma Cancer. I use my credit cards to pay most of my bills. I really am drowning with the hospitals being so far away. I struggle with gas, food and bills. Times are so hard for everyone right now. Anything would help.

**Donate to Little Star at [www.littlestar.org](http://www.littlestar.org)**

Dear Andrea and friends,  
  
Please accept the enclosed donation for your foundation.  
  
We appreciate the good work you are doing and the enormous difference you are making in the lives of seriously ill children and their families.  
  
Sincerely,  
  
*E. Fraser*

**What You Should Know:**

A new and important concern, raised in the last few weeks by the American Academy of Pediatrics and World Health Organization, is that families may be reluctant to take their child to the doctor because of COVID-19. Parents may wait to see the doctor until symptoms worsen and health problems are more serious.

In the case of children with cancer, case reports recently in the US and in Europe suggest that this may be leading to a delay in cancer diagnoses. A delay in diagnosis could result in more advanced cancer that is harder to treat. It is important to have regular check-ups and vaccinations and seek medical care as needed. Always talk to your health care provider about any signs and symptoms that worry you and your family, children, families & communities.

Your donation will help bring important Long-Term Care, Better Quality of Life Programs & Emergency Care support to children. Donate today. Thank You!

Since all programs are provided free of charge to families fundraising is critical. Little Star Foundation operates on the generosity of others. Your donation is vital in improving and saving lives.

On behalf of all the children, families and communities in need and with cancer benefiting from Little Star Foundation Programs, a heartfelt thank you to you.

Trauma, Stress, Depression, Anxiety and Loneliness especially impact the lives of children with cancer and children in need and their families. In 2020 due to the pandemic, these issues are even greater and far more reaching.

Little Star has been addressing and providing assistance with these issues in children and families in 38 states and worldwide for the past 35 years. With your donations making Little Star Foundation Long Term Care Programs possible, we are making an important difference together. The children and families on our waiting lists need help. Give what you can.

**Even in these difficult times Little Star Programs continue to provide:**

Financial Assistance  
Therapeutic Care  
Recreational Activities  
Emergency, Daily & Long-Term Care  
E-Learning  
Educational Scholarships  
Meals  
Transportation

**For 35 years Little Star Foundation has provided these and other programs free of charge.**

**You can change the World!  
Donate what you can.**

Little Star Foundation's founder Andrea Jaeger also has a special tennis history.

Andrea Jaeger is one of few athletes in the world to give all her pro tennis earnings to help children with cancer and children & families in need. Now together at Little Star Foundation we are helping save and improve lives.

Tennis is an incredible life long sport. I started playing tennis at age 8 with my family. It was a great sport we could enjoy together. During my junior tennis success, a book was written about me, "Andrea Jaeger - Tennis Champion.

I then became a professional tennis player at the record breaking age of 14 with incredibly becoming the #2 ranked women's professional tennis player in the world at age 16. I still love tennis. This year it was very disappointing Wimbledon was canceled. Wimbledon canceling also impacted my opportunity to compete in the Wimbledon Legends, donate all my Wimbledon prize money and have it matched to help children with cancer and blind and multi disabled children I and the persevering driven Little Star Team are doing everything we can to make up for those lost donation dollars and other canceled fundraising events. Any help you can provide would be greatly appreciated.

Together we have celebrated 35 years and honored Little Star's mission of providing long term care and a better quality of life to children with cancer and children, families, caregivers and communities in need. Let's continue Award Winning Programs together and save and improve lives! Donate today at [www.littlestar.org](http://www.littlestar.org). God's Blessings to you, your family, loved ones and community. Keep Faith! With great appreciation for all we can accomplish together, Andrea Jaeger – President Little Star Foundation 174 Watercolor Way Suite 103 B343 Santa Rosa Beach, FL 32459 [info@littlestar.org](mailto:info@littlestar.org)
